TRANSMITTAL OF TERMINAL DISCLAIMER

Sir:

During a telephonic interview conducted with the undersigned representative on June 14, 2007, the Examiner indicated that the claims in the above-identified application were rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over certain claims in U.S. Patent No. 6,241,754. The Examiner also indicated that, absent action by applicant, the application would be withdrawn from issue and an Office Action including the double patenting rejection would be mailed.

Applicant respectfully submits that the obviousness-type double patenting rejection has been obviated by the Terminal Disclaimer that is being filed concurrently herewith. Applicant also notes for the record that the filing of a Terminal Disclaimer serves only to remove the obviousness-type double patenting rejection and raises neither a presumption, nor an estoppel, with respect to the merits of the rejection. *See Quad Environmental Technologies v. Union Sanitation District*, 20 USPQ2d 1393, 1394-95 (Fed. Cir. 1991).

In view of the forgoing, applicant respectfully submits that the application should proceed to issue. The Commissioner is hereby authorized to charge any additional fees which may be required, or credit any overpayment to Deposit Account No. 50-0638. Should such fees be associated with an extension of time, applicant respectfully requests that this paper be considered a petition therefor.

Respectfully submitted,

June 25, 2007
